[END]Key : VvcQceWryYcwV6Pvr9TDonald Trump Is a Grabber, Abortion Won't Affect Him It's not only Trump I'd still like to grab. Here in Wisconsin, the other senator is Robert Menedez. Actually, all the candidates are grabbing. I might as well get a free shot at it. Let's see. "What do you call a black man with Republican Party membership?" Who woulda thunk that? At the Republican National Convention, Republican men referred to Donald Trump as misogynist, racist, and xenophobic. Then it turned out, before they knew it, the Republican Party was controlling their party. Donald Trump is not motivated to listen to what the party says. Donald Trump is motivated by Donald Trump. Donald Trump wants to be the leader of the party. He's not interested in listening to others about how to lead. He wants to lead the party his way. He'll listen, I'm sure, if others in the party don't agree. When Donald Trump says he doesn't like abortions because it's against his religion, that is taking from his religious beliefs, instead of

being about his religious beliefs, which is exactly what the Vatican is telling him to do. It's smart politics, and it's part of his strategy to win the presidency. Is Donald Trump a misogynist? Maybe, but it's not only Hillary Clinton. It's the whole way our culture treats women. How can we expect men not to act like that? How do you think Clarence Thomas and Jeff Sessions would vote on abortion issues? They're men. Do you think Donald Trump really has little contact with women? When we focus on how awful it's been in the past with abortion, and how it's all because of Planned Parenthood, we're ignoring the way our culture treated our mothers and daughters for generations, particularly as they approach, or reach, childbearing age. Yes, Donald Trump is a grabber, but the baby grabbers come in all the colors of the rainbow, not just the red of the Republicans. The Republican Party doesn't want to listen to the voters or use common sense about the way to help the party win. They don't want to challenge Donald Trump's

outrageous statements. They're happily going along as he leads them down a one-way street toward defeat. They're happy about him taking the nomination, and will be
