Windows Defender - OFF (Recommended).
You may want to turn off Windows Defender if you are using a third-party antivirus program. Windows Defender is a built-in security program that scans for and removes viruses and other malware. If you are using a third-party antivirus program, you may want to turn off Windows Defender to avoid conflicts. To turn off Windows Defender, go to Windows Security > Windows Defender > Settings > Turn off Windows Defender.

You can now have a 64 bit version of Windows 8. This page is no longer available at Microsoft. The General | Windows Update | Download Windows 8... Users browsing this forum: Bing [Bot] and 7 users and 0 guests
