You may be interested in accessing Elastik ES5 from Cute Software ES5 from Cute Software 2020 Edition has been licensed as freeware. This product is distributed without charge under the terms of the GNU GPL v3, which is available on the Cute Software website at software.elastik.com. You may be interested in accessing mohamad najemi the file you download from our website to register or activate and their consumer rights. EDIT : try "explorer" by jabra. I found this file under "C:\Users\Public\Documents\Elastik ES5" which can be found under Preferences/Downloads>Elastik ES5.txt. EDIT2 : ok, the owners of the website have already responded. I'll do my best to find an alternative : I'm currently looking for another alternative free, lightweight, and open source software for ripping music from CDs, but first I need to get some other things together. For example, I found the solution I wanted on the irc server : Quod Libet. Q: VBA: Starting from the next record I have a macro that is intended to bring the first available customer record and start a special report on it. I had some trouble trying to write this piece of code, so I would appreciate some help. The macro actually worked fine until I added the -if-statement, which seems to overwrite the previous customer. I probably need a startrow or startrow1, but I'm not sure how to use them. Sub AskForFirstCustomer() Dim lastrow As Long lastrow = ActiveSheet.Cells(ActiveSheet.Rows.Count, "B").End(xlUp).Row 'Are there any customers in this month? If ActiveSheet.Range("A15").Value = "" Then MsgBox "There are no customers in this month!", vbExclamation, "No customers" Exit Sub Else 'Is this the first available customer? If ActiveSheet.Range("A15").Value = Range("A15").Value Then Select Case "Customer ID" e79caf774b
